Where do I start?

Start at the top and answer each question. A yes takes you down to the next one. Your first no is where you begin: do what it says on the right, then come back and keep going.

DTU course · Hospital · TUH Skylab · DTU Skylab · Funding · Scale-up · Beyond DTU · ○ planned, not public yet

I have a health-tech idea, a clinical problem, or just curiosity

The team

1 Is there a DTU student or employee on the team?

no →

Find a DTU teammate first

- ○ **Minisprint with Clinicians**
- ○ **Healthtech Hackathon**
- ● **TUH Skylab** for clinicians
- ● **EXPLORE, OpenInnovation** any uni
- ● **Health Innovators** any institution
- ● **BETA.HEALTH** hospital-led

Clinicians: tell Region H Tech Trans about the invention before founding anything.

yes ↓

Need & explore

2 Do you have a clinical problem that the people who face it have confirmed?

no →

Find the need

- ● **Needfinding at the Hospital** 5 ECTS, autumn
- ○ **Minisprint with Clinicians** one day on a real case
- ● **Info Session at Skylab** open to all

yes ↓

3 Is a clinician working with you on it?

no →

Get a clinician on board

- ● **TUH Skylab makerspace** at Rigshospitalet
- ● **Rapid Prototyping in the Clinic** 5 or 10 ECTS
- ○ **Healthtech Hackathon**

yes ↓

Build

4 Do you have a prototype that users have tried?

no →

Build it and test it

- ● **Rapid Prototyping in the Clinic** spring
- ● **X-Tech** spring
- ● **TUH Skylab makerspace**
- ● **Skylab workshops**

yes ↓

5 Do you want to build a company around it?

no →

Keep it as a project

- ● **MSc thesis or a special course**
- ● **Innovation Partner** licensing, for researchers
- ● **Wall of Opportunity** find someone to take it on

yes ↓

6 Are you in the Skylab Startup Programme?

no →

Come in through the Open Door

- ○ **Pre-incubation** January and June
- ● **Open-Door Coaching** no application form, just pitch
- ● **Stage 1, Discover** up to 6 months

yes ↓

Incubate

7 Have you registered a company (CVR)?

no →

Fund it, and choose when to register

- ● **Skylab Funding** DKK 15–150k (CVR in 3 months)
- ● **Discovery, PoC** researchers (DTU staff)
- ● **InnoExplorer** DKK 0.5–1.5M (before CVR)
- ● **NNF Pioneer Innovator** ≤ 1.2M (before CVR)

Don't register too early. Once a CVR exists, InnoExplorer is off the table and Innofounder's 3-year clock starts.

yes ↓

8 Is the MVP tested, and are you ready to raise money or grow?

no →

Keep incubating

- ● **Stage 2, Validate** 6–12 months
- ● **Developer Hall**
- ● **Advisory Days** legal, IP
- ● **Life Science Academy** (needs CVR)
- ● **Innofounder** full-time (needs CVR)
- ● **BII Venture Lab** 4.2M loan (needs CVR)
- ● **MedTech Growth** Science Park (needs CVR)

yes ↓

Scale

You're ready to scale

with a company and a tested product

- ● **DTU SkyFactory** by selection
- ● **Stage 3, Launch Pad** coming
- ● **DTU Science Park**
- ● **BII Venture House**
- ● **InnoBooster**
- ● **Pre-seed investors**

Skip ahead. A finished course or thesis often answers questions 2–4 already.

Courses and Skylab run side by side. Many teams do both.

Requirements and sources: *01 Internal Overview*.
